Developer of Excel Automation Tools

History

2019

We have started our journey from Ahmedabad. In first year, we personally met more than 500 CAs of Ahmedabad and Mumbai to understand present practice and requirements

2020

During the year 2020, due to Covid-19, we started selling our product online & we could reach to CA firms from 25+ cities of India By this time, we were having two Automation Tools.

2022

This was the year of amendments, Schedule 3 was revised with massive changes, we have updated our tool well in advance. In June, 2022, ICAI issued format for non corporate. Our tool was ready in August-22.

Present

At present, more than 1500+ CA firms from 100+ cities are using the Automation Tool. These all, we have achieved by remaining online.

Problem that we are solving

Majority of CA firms and Finance Executives in Corporates, are using MS Excel for preparation of Financial Statement from the time Computers have come to the world of professionals. While Excel is best for that, over a period of time, there comes many challenges like non-standardization, time consuming, human error prone, excel formula errors and many more.

To solve all these problems, we have designed and developed Automation Tools for CA Firms & Corporates.

Today, after 5 years, the Automation Tool is so advanced, that it can even do Consolidation upto 25 Branches, Subsidiaries. 50 pages report, it can generate within 3 minutes.

Black Horse Excellence

Our vision is by 2030, all CA firms of India should prepare Financial Statements in Black Horse's Automation Tool.
